Dear Chief Hicks and Lt. Lauzon,

First of all, I'd like to thank you, Lt. Lauzon, for taking the time to speak with me on the phone yesterday. Per your advice, I am putting it into writing that my neighbors and I in the cul de sac of Garden Road (west side of Homeward Ave.) would really like to have a street light on our road.

We have experienced several car break ins, and my neighbor who shares my duplex has, on a couple occasions, come home from her night job to find police in pursuit of someone running through the adjacent woods toward our property, away from some crime that they allegedly committed in the Second Street area. I understand that a street light will be installed for similar reasons on the next block, Westview Road. Since Garden Road has similar conditions and the same exposure to the woods as Westview Road. does, installing a light here as well makes perfect sense.

I realize that as there are no other street lights in our immediate neighborhood, it is more difficult to install one. However, there is a telephone pole in front of my house, which I understand from Lt. Lauzon, may help our case.

My neighbors and I would greatly appreciate your consideration in this matter. This neighborhood doesn't seem to be as crime-free as it used to be, and as our street is very dark, we would all feel safer with some light. Also, can you give me an idea on what the time frame would be for a decision on this matter. Thanks very much.

Sincerely yours,

--

Dear Chief Hicks and Lt. Lauzon,
My name is , residing at Garden Road. On the email, I have added a few other neighbors - all of us live on Garden Road on West side of Homeward lane. All of us support the installation of street light and would appreciate anything you can do to help. Thank you very much for considering this proposal.

Regards,

Dear Chief Hicks and Lt. Lauzon,

I'm aware that has been in contact with you in regards to the proposal to add a street light to Garden Road on the west side of Homeward Lane. First, I'm thankful for your time and input in consideration of this proposal.

I want to let you know that I'm also in support of the street light as it will make the area feel safer for us. In addition to the recent disturbances mentioned by previously, I want to point out that majority (4 out of the 7 homes) on this stretch of Garden Road are occupied by single females. Therefore any improvement to the safety of this area is greatly appreciated.

Thank You.

Regards,

Hi Mary:

I just got off the phone with Tom Hladick who was very helpful and might I add quick in responding to a letter I sent earlier this week (thank you).

Here's a summary, there's about 50 people that live in our community, (Davis Brook Drive area) near Memorial school and for the past 2 years that I've lived here I noticed speeders, really it's people that live in this neighborhood that unintentionally speed or the UPS guy when he's late, it's understandable but not okay for many reasons.

So, I deiced to put together a survey and petition to help get this process kicked off and hopefully get some change going on for the better here. Tom indicated that you and he are part of the Natick Safety Committee and this can be reviewed there next. I'm am more than happy to attend that next event and present on this for 5-10 minutes if that helps.

Please find the following details that may help in making a positive change:

- the actual petition can be found here https://goo.gl/QAhm4H with 10 comments already!
- 27 residents responded to the survey here https://goo.gl/vA00KY

Please let me know how I can help.

Thanks,

RE: address change 22 Wedgewood road to 20 Spring Valley Rd Natick Ma 10760

38 DTLLC purchased 22 Wedgewood Road and has rebuilt a new home on existing lot with front facing Spring-valley Road. The home's front door has always faced Spring Valley and has always had its mail and address mixed up with 22 Spring valley Rd.

I have attached existing plot plan for you to review. It is my request to get address change for safety purposes to make it easier to identify property location.
