ARTICLE VII - SENIORITY, PROMOTIONS, LAYOFF AND RECALL

Section 1. Seniority

Seniority means length of continuous employment by the Town in a position covered by this Agreement. An employee will acquire seniority after completing a one hundred eight (180) day probationary period of continuous employment with monthly reports by his supervisor and his seniority shall then date from the beginning of his employment. An employee transferred to a position outside the bargaining unit will retain his seniority but will not accumulate additional seniority during the period that he occupies a position outside the unit.

Effective July 1, 2004, for purposes of seniority in the consolidated Division of Highway and Sanitation, which includes the former Highway Division, Sanitation Division and Recycling Division, all employees shall retain their seniority as detailed in the Seniority List attached as Schedule E.

Promotions within the former Highway Division, Sanitation Division and Recycling Division shall use as their seniority dates those set forth in Schedule E. Promotions within each said former division will be opened first to members of the former division where the vacancy occurs. Thereafter, promotions within each former division may be opened first to other members of the

consolidated Division of Highway and Sanitation and subsequently to other members of the Department as provided for in Section 2, Subsection (c) of this Article.

Employees hired after July 1, 2004 shall have their seniority credited to the consolidated Division of Highway and Sanitation. Said employees shall be considered members of the Division of Highway and Sanitation and shall have the same rights to promotion as any employee of the Division as detailed in the immediately preceding paragraph and in Section 2, Subsection (c) of this Article.

Section 2. Promotions

If a new classification covered by this Agreement is created or if a vacancy occurs in a regularly assigned position (which position or classification will be of more than thirty (30) days duration) and if the Town intends to fill such vacancies, such vacancies shall be posted for five (5) working days within ten (10) working days after the vacancy occurs or the new classification is created. Appointments shall be made within thirty (30) working days after posting. A determination of qualifications shall be arrived at based upon education, training, experience, past performance including attendance and seniority.

In addition to said posting, a notice shall be sent to all Departments making known such vacancies to Department Heads and Local 1116, Laborers personnel working within such Departments.

The appointment, if the position is to filled by the Town, shall be made in accordance with the following procedures:

- a) Preference shall be given to applicants from within the Department or Division of Public Works (Administration, Water, Sewer, Equipment Maintenance, Land Facilities & Natural Resources, Engineering, and Highway and Sanitation) as well as within former divisions within the Department (Highway, Sanitation and Recycling) where the vacancy occurs, in accordance with their divisional seniority, subject to their qualifications for the position as described in paragraph 1 and other provisions of this Agreement related to the consolidation of the Highway, Sanitation and Recycling Divisions, including Section 1 of this Article.
- b) For the purpose of this Section, divisional seniority shall mean the length of service in any one of the following departments or former divisions:
 - (1) Highway, (2) Water/Sewer, (3) Administration, (4) Engineering, (5) Equipment Maintenance, (6) Land Facilities & Natural Resources, (7) Sanitation (8) Recycling and (9) Highway and Sanitation.
- c) If there are no qualified applicants from the division where the vacancy exists, applicants from other divisions shall be given preference in accordance with their overall seniority (length of total municipal service), subject to their qualifications for the position as described in paragraph 1.
- d) If there are no qualified applicants from the bargaining unit, the position may be filled by any other town employee or by new employees.
- e) Where in the judgment of the Director, an employee's illness or physical condition prevents him from properly performing his present duties, and if in the judgment of the Director the employee is capable of performing a lower rated job, and where said employee has been employed by the Town of Natick Department of Public Works for at least five (5) years, he may be allowed to bid for a lower rated position if he qualifies as set out herein and if such position is more suitable to his physical condition. Any employee who elects to accept a lower rated position, after qualifying for such position, as herein set forth, will receive the pay of the

lower rated position. However, he will be placed on the equivalent step pay scale of such lower rated position.

- f) For the purpose of this Section, qualified for the position, shall mean having sufficient experience or training so as to be able to perform the duties of the position after the probationary period of not more than ninety (90) days with supervisor's semi-monthly reports. Management shall make the determination of whether or not an employee is sufficiently qualified after the ninety (90) day probationary period and such determination shall be subject to the grievance and arbitration provision contained herein only if such determination was arbitrary and capricious.

Section 3. Transfers

As openings within any particular division of the Public Works Department occur, a member of the Union permanently assigned to that division in which the opening occurs will be permitted to apply for and move laterally into that opening, provided he is able, in the opinion of the Director of Public Works and Town Administrator to perform the duties required. Members of the Union are not permitted to move laterally between divisions of the Department of Public Works unless both of the following conditions are met:

- A. There are no qualified candidates for the vacancy within the Division who are experienced in the vacancy.
- B. The Director of Public Works and the Town Administrator agree with the lateral transfer.
- C. New hires will not be eligible to transfer to another division for one year from the date of permanent appointment.
- D. Employees who transfer into a new division will not be eligible to transfer to another division for one year from the date of transfer.

Section 4. Determination of Qualifications

New hires will not be eligible to transfer to another division for one year from the date of permanent appointment. Employees who transfer into a new division will not be eligible to transfer to another division for one year from the date of the transfer. Both parties recognize management's prerogative to make the sole and final determination as to whether an employee is qualified for a position and to select any applicant who in management's sole discretion, it determines to be most qualified for any position to be filled. Only where management has determined that two applicants are equally qualified will preference be given for seniority.

Section 5. Reduction in Force

Sub-Section 1.

In the event of a layoff, the Town will give the Union at least thirty (30) days notice that layoffs will commence. Any employee subject to being laid off will receive at least thirty (30) days notice unless extraordinary circumstances necessitate a shorter period of time, but not less than two (2) weeks.

Sub-Section 2.

The Town will provide the Union with a list of classifications from which these layoffs will occur. The number of positions from each classification and Divisions where these layoffs will occur will be at the discretion of the Town. Employees will be allowed by seniority to bump into lower paid classifications within same Division for which positions they are qualified.

Sub-Section 3.

Probationary and provisional employees will be laid off before any non-probationary employee.

Sub-Section 4.

Any permanent employee will remain on a recall list for a period of two (2) years from the date of layoff. Employees will be recalled in order of their seniority within the classification and division of the position to be refilled. The Town may require a physical at the Town's expense to determine if an employee is capable of the duties of the position. Notice of recall will be sent to the employees last known address. Employees shall be responsible for keeping the Town informed as to their current address and telephone number. An employee notified shall have ten (10) working days of notice to notify the Town of his/her availability and must return to work within two (2) calendar weeks of his/her recall.

Sub-Section 5

The employer retains the exclusive right to determine what departments, divisions, and job classifications are to exist, whether to lay off employees, to determine the existence or non-existence of a vacancy, and whether any vacancy will be filled. In the event the employer in its exclusive discretion determines there is to be a reduction in the number of employees in any job classification or to abolish any job classification, the following procedure shall be employed.

The employer shall consider the following factors in determining which employees in a classification shall be laid off:

- a) Relative qualifications including ability and skills, professional or vocational education and/or training, proven performance, relevant experience, past record, including prior evaluations, if any.
- b) Needs of the department.

When the foregoing factors are in the judgment of the Employer substantially equal for two or more employees, seniority shall govern within the division.

In any case, if the Town decides to implement a "Reduction in Force" plan which involves elimination of any of the positions covered by this Agreement, the individual member of this unit so affected will be provided the opportunity to apply for retirement if the employee so qualifies.

Any employee extended beyond the mandated retirement age, will, by practice, be subject to reduction in force outside the procedures described above.

Reduction-In-Force Study Committee

While not part of the Collective Bargaining Agreement, the parties agree to establish a Reduction-In-Force Study Committee which shall be comprised of two (2) Town-appointees and two (2) union-appointees. The Committee shall exist for one year, from July 1, 2004 to June 30, 2005 and may be extended for one additional year upon joint agreement of the Parties to this Agreement. The purpose of the Committee will be to determine what, if any, changes it wishes to recommend be discussed during future negotiations.
