ROUND ROBIN RULES

- The Courts will be open from 8am to 11am on Pickleball Days for Open Round Robin Play
- During this time, we encourage users of ALL abilities to come and enjoy some fun, social pickleball play in Natick!
- During open play times, please use our scheduling board (“Next Up Board”).
- Games will be played to 11 win by 2, unless 25 or more players are playing in which case win by 1.
- The waiting player or players put their names on board (must not be playing and must be present).
- If a player chooses to skip a box and not play with someone ahead of him/her, he/she must wait for that box ahead to fill and go onto court before going onto court with next group.
- Since this is social play where all levels are represented, it is expected that all players will mix in with one another.
- No private games will be permitted during this period.
- Depending on player abilities in any given day, play will range in skill level and this is to be expected and encouraged.
