

Open Restaurants for Delivery & Take Out

As of March 17, 2020 per Governor Baker's order, restaurants shall be closed for dine-in service and may only be open for delivery and take-out. Here is a list of what our Natick restaurants are offering. This list may be subject to change.

Take-out Safety Guidelines for Consumers:

- When picking up your food, try to maintain your distance. The Natick Board of Health recommends doing curbside pick-up if available but if not, only send one person into the establishment to pick-up.
- We recommend pre-paying for your order over the phone if you can to limit the amount of person to person contact.
- Wipe down any take out containers that you receive and as always **Wash Your Hands** before you eat.

Please be advised that food service establishments are following strict sanitizing guidelines and continue to follow state regulation under 105 CMR 590.00 State Sanitary Code Chapter X: Minimum Sanitation Standards for Food Establishments. Food service employees who are preparing food are required to wear gloves as always. It is not required for an employee at the register to wear gloves or a mask but are encouraged to wash their hands frequently.
